	<ul style="list-style-type: none"> ○ Our Outcomes – ‘We are a respected and honourable Treaty partner with strong and enduring relationships’. ○ Strategic Intentions – ‘Commitments, including Treaty settlement commitments, are honoured, helping enable wellbeing outcomes for Māori and iwi’. And, ‘enduring relationships with Māori and iwi are established and maintained’. <p>- In a broader Public Service sense – Section 14 of the Public Service Act 2020 explicitly recognises the role of the public service to support the Crown in its relationships with Māori under Te Tiriti o Waitangi. It also imposes an obligation on public service leaders to develop and maintain the capability of their agency to engage with Māori and to understand Māori perspectives.</p> <ul style="list-style-type: none"> ○ To get there, we need to empower our people with continuous learning and exposure to experiences to understand why the Māori Crown relationship is important and know how to reflect this understanding so we engage effectively and confidently with Māori. ○ Today’s Wall Walk is additional to work already in place at Toitū Te Whenua, which includes our Māori language and culture policy, Māori Language Plan (He Whāriki Whakatupu te Reo Māori), Ngā Pūkenga (our capability framework), He Pikinga capability training programmes, LINZ Kōrer Māori booklet, weekly waiata sessions, our LINZ karakia, our LINZ waiata and our established Tikanga Advisors and Whānau group networks. <p>- After the Wall Walk – we will have a break for kai and then re-gather for a reflection session. This is a chance for us to think about our learning this morning and begin to contextualise it into our roles and the work we do at Toitu Te Whenua</p> <p>- Quick fire intros – everyone stand up for 1 min share name, job title & business group</p> <p>- Introduce Sim - Wall Walk facilitator and handover to her.</p>
