Hi Sarah

I will chat to Kennie today and get the Notice of termination done by mid this week. I appreciate the urgency of this one to enable you to continue with your works.

Regards Trudy

Hi Trudy

I think I may have read your email wrong; did you mean continue as planned and get the investigation works underway?

Or the plan to put all works on hold until further notice?

Because I have gone ahead and booked my contractors for the 19 March. Please let me know if I need to cancel them again, sorry.

Kind regards Sarah

Thanks Trudy

I will get my travel sorted

Hi Sarah

Sorry to muck you around. I think we continue as planned.

Kennie is back on Monday, and I will get her to pull together the notices (with Jason's input). They will both be visiting Napier later this month.

Jason – I know your really busy at the moment. I will get Kennie to reach out and organise a hui to discuss a plan.

Hello again

Did you two get a chance to discuss the investigation works?
Should I put the project on hold for three month'ish?

Thanks Sarah

Hi Trudy and Matt

I have put my contractors and engineers on hold but hadn't gone back to Toro yet as I was waiting to hear back from you.

We have received the email below - did you and Matt get a chance to discuss the best approach?

Thanks Sarah

Kia ora Toro and team

Thank you for the access last week for the various parties.

The investigation geotech drilling, will commence on Tuesday 19 March, and will go through the Saturday 23 March (but they are hoping to be finished up on the Friday). I have attached the site plan to show the locations they will be working in.

I will be onsite Wed 20 & Thurs 21 March, with two Structural Engineers, they will be inspecting the buildings for the purpose to draft an updated Detailed Seismic Assessment. Please let us know if you have any questions.

Ngā mihi | Kind Regards
