**Response to your official information request**

Thank you for your official information request received on 25 March 2024 for statistics pertaining to overseas investment decisions for rural land applications.

Please find enclosed the information requested, with 3 tables breaking down the information in 3 different ways. We have interpreted 'rural land applications' to include applications for consent in which the applicants are investing in land with a land sensitivity of "non-urban land" under the Overseas Investment Act 2005 (**Act**). The information covers decisions from when the Act came into force on 25 Aug 2005 up to 31 December 2023.

Please note, this response letter outlining our decision on your request, **with your personal details withheld**, and any attached documentation will be published on the Toitū Te Whenua Land Information New Zealand website. This is likely to be published by the end of May 2024.
