Summary of Designations

Under this Proposal, the Land is designated as follows:

- (a) The Crown Land (shown edged in pink on the Plan) is to be restored to, or retained by, the Crown as set out in Schedules One and Two; and
- (b) The Freehold Land (shown edged in green on the Plan) is to be disposed by freehold disposal to the Holder as set out in Schedule Three.

1 The Plan

2 Conditions

- 2.1 This Proposal, and any agreement arising therefrom, is subject to the conditions contained in Schedule Four (if any).

3 Settlement

- 3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

- 3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

- 3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall"). If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days;

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(i) has been agreed or determined; and

(ii) is not and will not be subject to any appeal, rehearing or other proceedings.

4 Holder's Payment

- 4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.

- 4.2 If the Holder fails to pay the Holder's Payment or any part of it or any other money to the Commissioner or to the duly appointed agent of the Commissioner on the Settlement Date clause 19 will apply.

5 Commissioner's Payment

- 5.1 The Commissioner shall pay the Commissioner's Payment to the Holder on the Settlement Date.
- 5.2 No interest shall be payable to the Holder by the Commissioner in respect of the Commissioner's Payment, including (without limitation) for the period from the Vesting Date to the Settlement Date.

6 Vesting of Crown Land

- 6.1 The Crown Land will vest in the Crown on the Vesting Date.

7 Issue of Certificate of Title

- 7.1 Notwithstanding any other provision in this Proposal, the Commissioner will not request that the Surveyor-General issue a certificate to the Registrar pursuant to section 116 of the Land Act 1948 (to enable a certificate of title to issue for the Freehold Land) unless and until:
- (a) the Commissioner has received the Holder's Payment from the Holder under clause 4, and all other money payable by the Holder under this Proposal and the Notice;
 - (b) the Holder has provided to the Commissioner duplicate copies of the certificate of title relating to the Lease (if any) and/or the Lease if requested by the Commissioner;
 - (c) the Holder has signed and returned to the Commissioner all documents required by the Commissioner to be signed by the Holder to give effect to this Proposal (including, without limitation, any permit, covenant, easement and/or any other document); and
 - (d) the Holder has procured a registrable discharge of any Mortgage and provided this to the Commissioner together with any new mortgage documents to be registered against the Freehold Land.

8 Registration of Documents

Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

9 Consents

- 9.1 The Holder must obtain the written consent to the Holder's acceptance of this Proposal from all persons having an interest in the Land (other than the Holder), including, but not limited to:
- (a) any Mortgagee(s);
 - (b) any party entitled to the benefit of a land improvement agreement registered against the Lease and/or the Land; and

9.5 If required by the Mortgagee, the Commissioner will provide an undertaking that, subject to the provisions of clause 7 being satisfied, the Commissioner will register the discharge of the Mortgage and register any new mortgage against the certificate of title for Freehold Land at the same time as the certificate of title for the Freehold Land issues.

10 Continuation of Lease

10.1 The Lease will remain in full force and effect until a certificate of title issues for the Freehold Land. Notwithstanding when Settlement Date occurs, until a certificate of title issues for the Freehold Land the Holder will duly and punctually comply with all obligations on its part under the Lease (other than as set out at clause 12.1 (b)) and the Lease will remain in full force and effect.

10.2 From the date that a certificate of title is issued for the Freehold Land the Lease is deemed to be surrendered and, subject to clause 10.3, the Commissioner releases and discharges the Holder from the performance and observance of all covenants, conditions and obligations under the Lease.

10.3 The release and discharge in clause 10.2:

- (a) Is without prejudice to the rights, remedies and powers of the Commissioner contained in the Lease (except as varied in accordance with clause 12.1(b)); and

- (b) will not release or discharge the Holder from any liability under the Lease,

arising prior to the date that the certificate of title for the Freehold Land is issued, under any statute or by any reason where such liability is due to the fault of the Holder.

10.4 As from the Vesting Date, the Holder will not have any estate, right or claim against any of the land, improvements, fencing, buildings, structures, fixtures, fittings or chattels on the Crown Land (subject to the provisions of any permit, easement, concession, other encumbrance or document provided under this Proposal). - (b) If the Fencing Consent:

the Commissioner may, acting reasonably, elect to do any one or more of the following:
 - (iii) erect the Fencing in a position different from that shown on the Plan;
 - (iv) erect the Fencing over a shorter distance than that shown on the Plan; or

The Holder will do all things necessary (including signing any document) to enable the Commissioner to register such a covenant.
- 11.4 The ongoing maintenance of the Fencing referred to in clauses 11.1 and 11.2 will be subject to the terms of the Fencing Act 1978.
- 11.5 If the Holder has accepted this Proposal and that acceptance has taken effect pursuant to the Act, [the Commissioner] [the Holder] [both parties] will, subject to clause 11.6, undertake the construction works set out in Appendix 3 on the terms and conditions set out in Appendix 3 ("the Construction Works").
- 11.6 If any Construction Works for which the Commissioner is liable, or jointly liable with the Holder, require a resource consent or any other consent from any local or territorial authority ("the Works Consent"), the following provisions shall apply:
 - (a) The Commissioner shall use reasonable endeavours to obtain the Works Consent within 6 months of this Proposal taking effect pursuant to the Act.

13 Risk

- 13.1 On and with effect from the Unconditional Date all risk of any nature in respect of the Freehold Land will pass from the Commissioner to the Holder. For the avoidance of doubt, the Holder's current risk in respect of matters arising under the Lease, including, without limitation, the Holder's risk in respect of all improvements, buildings, fencing, fixtures, fittings and chattels, will continue to remain with the Holder until the Lease is deemed to be surrendered under clause 10.2.

The transaction is zero rated for GST.

21 Lowest price

- 21.1 The Holder's Consideration does not include any capitalised interest and the parties agree that the "lowest price" for the purposes of valuing the Freehold Land under section EW 32(3) of the Income Tax Act 2007 is equal to the Holder's Consideration.
- 21.2 The Commissioner's Consideration does not include any capitalised interest and the parties agree that the "lowest price" for the purposes of valuing the Crown Land under section EW 32(3) of the Income Tax Act 2007 is equal to the Commissioner's Consideration.

22 Costs

- 22.1 The Commissioner will meet the costs of the survey (if any) of the Land, including all designation areas, the Final Plan and for a certificate of title to issue for the Freehold Land.

Schedule One: Provisions relating to the Schedule One Land

1 Details of Designation

Under this Proposal the land shown marked in pink and labelled CA1 on the Plan, being 857.6166 hectares (approximately) is designated as land to be restored to or retained in full Crown ownership and control as conservation area.

2 Schedule One Improvements

Not applicable

Schedule Two: Provisions relating to the Schedule Two Land

1 Details of designation

- 1.1 Under this Proposal the land shown marked in pink and labelled CA2 on the Plan, being 15.4000 hectares (approximately) is designated as land to be restored to or retained in Crown control as conservation area subject to:
- (a) the granting of the easement concession shown as dashed green line and labelled d-e on the Plan and substantially as set out in Appendix 4.

2 Information Concerning Proposed Concession

1. Description of proposed activity(s) s39(a):

Farm access along a 20 metre wide strip on the northern boundary of proposed conservation area CA2. The easement allows for the droving of sheep with or without farm dogs, motor vehicles or ATVs along an open grassy corridor adjacent to a boundary fence. The route provides a direct link to proposed freehold land above the conservation area. The route will be of particular use when adjacent paddocks are planted in crops and vulnerable to damage.

2. Description of place(s) where proposed activity to be carried out and proposed status s.39(b):

The easement area comprises an open grassy corridor adjacent to the conservation area boundary. The route does not traverse wooded areas which comprise much of the conservation area and are the primary reason for its creation. Proposed status for the areas is "existing pastoral lease to become conservation area."

3. Description of potential effects of proposed activity and any actions proposed to avoid, mitigate or remedy any adverse effect, s.39(c) noting the requirements of s.51(3)(a) and s.51(2)(d) CPLA:

The droving of sheep along the easement may lead to some minor grazing of native vegetation on the periphery of the conservation area. For much of the easement area the terrain drops off steeply and is inaccessible to stock. It is considered that the easement terms contain sufficient controls to avoid, mitigate or remedy any adverse effects. The easement contains clauses dealing with protection of the environment, interference with natural features, deposit of dangerous matter, obstruction of the public and restraint of use during periods when the easement area is vulnerable to damage.

DOC will regularly visit the area for a diverse range of activities including weed control and recreational management and will therefore be aware if the concession activity is having any negative effects.

4. Details of the proposed type of concession:

Concession (easement) under Section 17Q Conservation Act 1987.

5. Proposed duration of concession and reasons for proposed duration s.39(e):

Proposed duration: 10 years.

Reasons for proposed duration:

The easement is not absolutely essential to the ongoing management of the proposed freehold. The relatively short 10 year term will allow the Minister to assess any impacts on the values and factor this assessment into future decision making, should the holder apply for a

new easement upon expiry. It is also possible that future developments on the adjoining freehold will make this easement unnecessary in the long term.

6. Relevant information about the proposed grantee including information relevant to the grantee's ability to carry out the proposed activity s.39(f).

Proposed grantee: James Peter Robertson, Leslie James William Stewart and Roger Norman Macassey.

Relevant information: The proposed concessionaire currently uses the route over which the easement is proposed. No negative effects associated with the activity have been noted. DOC has a good working relationship with the proposed concessionaire.

Schedule Three: Provisions relating to the Schedule Three Land

1 Details of designation

- 1.1 Under this Proposal the land shown marked in green on the Plan, being 960 hectares (approximately) is designated as land to be disposed of by freehold disposal to the Holder subject to:

Other common woody species include matagouri, mingimingi, scattered plants of pohuehue (*Muehlenbeckia complexa* and *M. australis*), porcupine shrub, the tree daisy *Olearia odorata*, bush lawyer (*Rubus schmidelioides* var. *subpauperatus*), and native broom (*Carmichaelia petriei*). Herb and sedge diversity under the shrubland is good. Lower terrace and streamside shrubland has a high component of exotic herbs and grasses and briar. Koromiko, prickly shield fern and little hard fern are present in some damp streamside locations. Various other native dryland grasses and herbs, including four species from the *Elymus* genus and the nationally naturally uncommon matweed *Raoulia beauverdii* are present.

3. Values of Land to be Protected

The Land comprises an open landscape little scarred by tracking or other earth disturbances. The area is vegetated by an intact and uniform vegetation cover dominated by short tussock species and exotic grasses. Gullies and boulder fields support discrete areas of shrubland dominated by matagouri and native broom. The area is highly visible from State Highway 89 through the Cardrona Valley, from highpoints including the Cardrona Ski Area and from parts of the Wanaka Basin. Erection of structures, the planting of trees or cutting of new tracks on the Land would compromise the visual integrity of the Cardrona Valley which is zoned as an Outstanding Natural Landscape under the Queenstown Lakes District Plan.
