**Response to your official information request**

Thank you for your official information request received on 19 June 2024 for information Toitū Te Whenua Land Information New Zealand (LINZ) holds on the quantity, type and location (region) of unit title developments, and any associated reports/briefings on the use of unit title structure.

LINZ provides online access to New Zealand's most up-to-date land and seabed data through the LINZ Data Service (LDS). Anyone can access LDS and extract the raw data they are after. You can find more information on our website: [www.linz.govt.nz/guidance/data-service/linz-data-service-guide](http://www.linz.govt.nz/guidance/data-service/linz-data-service-guide).

The data will require some analysis which we recommend you seek assistance from a consultant. You can find a list of consultants here: [locationtech.org.nz/our-members/](http://locationtech.org.nz/our-members/).

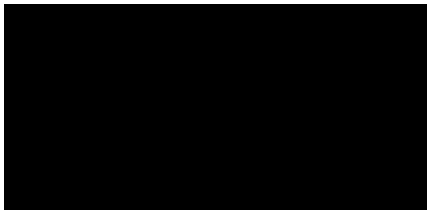

LINZ do not have any briefings and/or reports relating to the use of unit title structure, therefore, this part of your request is being declined under section 18(e) of the Official Information Act – the information does not exist.

You may wish to seek information from the Ministry for Housing and Urban Development or Ministry of Business, Innovation and Employment as they may have more information.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

Please note, this response letter outlining our decision on your request, **with your personal details withheld**, and any attached documentation will be published on the Toitū Te Whenua Land Information New Zealand website. This is likely to be published by 30 August 2024

Nāku noa, nā
